Baseball Club Opens 1955 Season With Annual Banquet And Dance, Jamboree

The Lac la Biche Baseball club will be holding its annual banquet and dance on Thursday, Feb. 3. The evening will feature a banquet, annual report, presentation to the Governor-General award winner, guest speakers from neighboring ball clubs, and a novelty Jamboree dance.

The banquet, to be held in the York Hotel, will have as the main event a presentation to Thomas Maccagno, winner of the Governor General award. His Worship, Mayor Lebas, acting on behalf of the baseball club, will present Thomas with a gift in recognition of his outstanding achievement.

Guest speakers invited to the banquet are managers of the Amber Valley and Wandering River ball clubs.

Following the banquet will be a general meeting in which the 1954 financial statement will be reported. Plans for the forthcoming season will be considered after the election of officers.

Starting at nine o'clock will be a big novelty dance jamboree. The dance committee has really gone all out in providing a fun-filled evening. There will be balloons, streamers and novelties handed out during the dance. In addition a \$25 grocery hamper will be awarded to some lucky ticket holder, along with other valuable prizes.

The club is presenting this affair to begin the new season and to wind up a very successful previous one.

Winners of the 1953 Northern Alberta championship, the club held this until June last year. They were then defeated by Westlock, who were beaten by Forss and Starling, the eventual winner of the provincial playoffs.

Anne Makar Leader 4-H Club

Last autumn a 4-H Clothing Club was organized in Rich Lake with Miss Anne Makar as leader and Mrs. Tom Berghem as assistant leader. Nataka Makar was elected president; Signe Hagetveit, vice-president; Dorine Sunderman, secretary-treasurer and Verna Haimila, club reported.

The club first consisted of 20 members but two of our most active members have resigned, Helen Ross, who has already left for Brooks, and Dorine Sunderman who intends to leave for Red Deer soon.

The girls are progressing well, having completed four projects out of six. Our last meeting was held Jan. 16. A dance was held at the Rich Lake School Jan. 28.

Stipulations For Power Company

At a recent meeting of the Municipal District of Athabasca, permission was given to Calgary Power to erect a power line from Newbrook to Boyle on the understanding that the poles are placed 51 feet from the centre line of the road and if the company feel that the poles have to be placed nearer the councillors stipulated that the company would have to bear all expenses for the moving of line in the future and also, if the council request it, widen the road.

Seven members were officiating the meeting. They were: Reeve Aloisio and Councillors Botten, Breckenridge, Lynk, Wright, Derko and Doroshenko.

The meeting commenced at 11:20 a.m. with the reading of the previous meeting's minutes and was followed by a financial statement.

Julian Wlos, a farmer in the district, was interviewed regarding the road leading to his farm. Mr. Wlos stated he had worked on the road and felt he was entitled to be paid for it. The council decided that the road will be viewed and if the work done by the farmer is approved they will accept his pay-sheet. A similar statement was heard by the council from Mr. P. Choney and the same conditions were applied.

A delegation of four ratepayers from west of Ellscoff told the council of the need for a road in position east of the district. After discussion, the council agreed to contact the owner of the land required and attempt an agreement for its purchase, and if terms proved satisfactory, to build the road.

Subject to the approval of the Minister of Municipal Affairs, permission was given to John Soluk to purchase a plot of land for \$669.

A lease was given to Frederick Renneman of Donatville, with the stipulation that the M.D. receives a full one-quarter share of all the crops grown on the land and that they are to be delivered free of charge to an elevator.

Fifty-six miles of flannelette was used in 1953 by volunteer Red Cross workers to make thousands of baby garments for emergency

The lieutenant-governor of Alberta, Hon. J. J. Bowlen, is here seen looking over the painting of Edmonton hanging in the Macdonald Hotel. It is part of a large collection on display in the

capital, on a tour sponsored by the House of Seagram. Shown with the lieutenant-governor is Mr. McAvity, sales manager for Seagram's.

Governor General Award Presented To Thomas Maccagno At Special Ceremony

For the second year in succession the town of Lac la Biche has had the honor of having a governor general award winner. The award is presented annually in each school division throughout Alberta to the student achieving the highest scholastic standing in their grade 9 final examination.

In 1953 Miss Helen Luba, a student at Dr. Swift's School, received the medal, and last year, Thomas Maccagno, son of Mr. and Mrs. Michael Maccagno, was the winner of the prized award.

The formal presentation of this award was made by Superintendent of Schools N. Miskew at a special ceremony held January 28, in the Memorial Hall.

The evening's program, which was under the sponsorship of the students' union, was attended by well over 200 persons, not including the children present.

Students took an active part in the evening's presentation, with the assistance of their teachers.

Each classroom presented a variety of entertainment, which was enjoyed by the capacity audience. Starting off the official ceremony, F. W. McMillan, school principal, praised the award winner for the very high standard that he had maintained and cited many of the desirable qualities that the student had consistently displayed.

The formal presentation was made by N. Miskew, superintendent of schools, on behalf of the department of education. In a short address, Mr. Miskew pointed out the different agencies influencing the education of the student, such as the home, organization and the community.

Following the ceremony, gifts were presented by President Sid Lore, from the Lions Club; President Mrs. Stan Kelly, from the Women's Institute, and President Ronnie Tessolin, from the Students Union.

Tom Maccagno responded to the

presentations by stating his appreciation for the assistance he had received from his parents, the teaching staff, and all the people in the community. He concluded his remarks by cordially thanking those who had made the presentation, and to those who had attended.

Members Lions Club In Bonspiel

Representing the Lac la Biche Lions Club in the Northern Alberta Lions Club Bonspiel will be Nick Myskiw, Steve Hamar, Louis Bady and Floyd MacMillan.

The group will make the trip on February 5 to attend the preliminary banquet.

The bonspiel will take place the following day and they will motor back the same night.

Lac la Biche

Miss Eileen Chorney, formerly employed at Lac la Biche weather station, left for Castor on February 1. Miss Chorney and Dudley Zinger, to whom she is engaged, will make their home in Castor, after their forthcoming marriage. An active member in such organizations as the North Star Club and curling club, Eileen was honored at a farewell party in the home of Mr. and Mrs. F. Coutney.

Mrs. Pomeleau, Edmonton, visited the Coutney family last weekend.

Bob Rudigar and fiancée, Madeline Johnston, along with his mother, Mrs. L. Rudigar and sister, Annette, made a three-day shopping trip to Edmonton in preparation for their forthcoming marriage.

The Women's Institute are presently conducting a drive for funds. The proceeds of this will largely be used in the maintenance of the

PLAMONDON — Mrs. Melinda Belanger, daughter of Mr. and Mrs. Jacob Schaub, passed away at the age of 56 at St. Catherine's Hospital in Lac la Biche on Jan. 4. Mrs. Belanger was born in Lake Leelaneau, Mich., and came to Canada in 1913. She became the bride of Esdras Belanger on August 16, 1916.

She is survived by her husband, mother, four daughters, Mrs. William McMillan (Pauline), Mrs. Dale Mellot (Yvonne), Fernande and Marcelle; five sons, Wilbert, Harold, Hubert, Ovilla and Paul. She also leaves seven sisters and seven brothers.

Funeral arrangements were conducted by the Lakeview Mortuary of Lac la Biche. Celebration of requiem high mass was by Rev. Alcidas Ricard, with interment in the Plamondon Cemetery.

Calgary Power To Reach Boyle Soon

Work is progressing steadily on the Calgary Power lines from Newbrook to Boyle. Poles have been installed all the way and workmen are expected to complete the stringing of wire by Feb. 15. At present crews have completed eight miles of wiring and are progressing at the rate of one and a half to two miles per day.

According to company officials the installation of this service will result in a reduction of from one-third to one-half the rates formerly paid by power consumers in Boyle.

Negotiations presently being conducted between the Grassland Rural Electrification Association and the Farm Electrification Services may provide an extension of the power line to the farming area of Grassland.

Farm Electrification Services is a non-profit organization set-up by Calgary Power to assist farming areas in securing rural electrification.

Frains

Mrs. Emily Burek and Joe Chadycki motored to Lamont to visit with relatives and friends.

Mr. and Mrs. Dan Shwetz and Archie, Mr. and Mrs. Dan Kolach, Mr. and Mrs. Jack Shwetz motored to Waskatenau to attend the 40th wedding anniversary in honor of Mr. and Mrs. Andrew Shwetz of Waskatenau. They were presented with gold rings. Many other useful gifts were received.

Pete Laver from Medicine Hat was a week-end visitor with the Nahorney family.

Mr. and Mrs. Oliv Kopra from Hollow Lake were visiting with the Kolach family.

Last Sunday, Andrew Kowalyk, Mike Kolmatisky and Raymond Kolach trailed a lynx and shot him on Mr. Nawrot's farm. The lynx weighed 50 pounds and was 4½

Whist Drive At Rich Lake

A whist drive was held at the Rich Lake School Jan. 14, the proceeds going toward the building of the Anglican Church.

First prize for ladies was won by Miss Anne Makar; second, Mrs. E. Tikkanen; third, Mrs. J. Hogetveit. Men's first, Johnny Hogetveit; second, Walter Makie; third, Ed Almeried. A lunch was served by the ladies.

News From Other Alberta Towns

THE NEW KINUSO Curling Club rink, with two sheets of regulation size ice, recently completed through the joint efforts of the whole community.

NEW CURLING RINK IN KINUSO RESULT OF COMMUNITY EFFORT

KINUSO.—The dazzling new rink of the Kinuso Curling Club is a tribute to what a community can accomplish. This two sheet regulation ice rink was built entirely by volunteer labor. The co-operative effort included nearly everyone in the community.

Work started last March when 44 men from Kinuso and district went out to the bush "en masse." In one burst of activity, they felled and hauled enough saw logs to the mill of Edgar Hill, to provide sufficient lumber for the construction of the new rink. Equipment contributed for this giant operation consisted of five power saws, four tractors and two trucks for hauling logs to the mill and six skidding horses. The Churchill Bros. furnished a tractor for sawing and Mr. Hill supervised the operations.

Construction of the new Quonset type building got underway late last fall. Doug McLaughlin, district foreman for the Department of Highways, designed the new rink and with the able assistance of Leo Boisvert, supervised the building operations. The outside was completely sheathed with aluminum, with the exception of the ends and inside, two large 20'x35' waiting rooms, both upstairs and downstairs, with windows opening onto the rink, were completed in time for the opening on Jan. 1.

Credit is due to the whole community and especially to Doug McLaughlin, Henry Lysne, president of the Kinuso Curling Club; Benny Boisvert, vice-president, and Owen Jordan, secretary-treasurer.

The social benefits of this communal enterprise are going to be immense. Keen interest in curling is already shown by people who have never had the opportunity before. When the season opened only five persons in Kinuso had curled before, now there are 21 rinks or 84 people who are members and regular curlers. To insure a steady supply of curling material, Doug McLaughlin is busy conducting a curling class for school students. As a result of these instruc-

tions there are four rinks entered in the club from Junior High School and there are prospects of many more to come.

The official opening of the rink took place on Sunday, Jan. 16, to which neighboring clubs from Faust and Widewater were invited. A local mixed bonspiel has already been played and the "big one" is expected to be played off in the first week of March.

Man Injured By Falling Tree

HIGH PRAIRIE.—Howard Stockman, employed at Bissell Eros, camp, about 30 miles N.E. of Grouard, was brought to the Providence hospital, High Prairie, following an accident at the camp. He was struck by a falling tree, causing an injury to his back with resulting paralysis from the waist down. He is a son of George Stockman, pioneer in the district, and has a wife and small children.

New 4-Lane Highway To Be Test Pattern

EDMONTON (BUP) — Alberta Highways Minister Gordon Taylor says the province wants to see how the four-lane divided highway between Crossfield and Bowden works before it builds any more.

The highways minister said today it is hoped motorists will be able to use the 30-mile stretch later this year after grading and graveling is completed.

The stretch is now a little less than 50 per cent finished.

Crash Takes Life Of Faust Man

HIGH PRAIRIE.—A level crossing accident between a truck and a Northern Alberta Railways freight train took the life of George R. Ouellette, Faust, Admitted Jan. 17 to Providence Hospital along with brother, Martin. Mr. Ouellette passed away last Friday. The accident occurred when the brothers were proceeding in their truck from McRae mill to the town of Faust. An inquest was ordered.

Driver of the truck, Martin Ouellette, is suffering from multiple injuries and is considered in serious condition. The truck was completely demolished by the collision.

Andrew Rinks Win Curling Honors

ANDREW.—Two of the local rinks captured the Grand Challenge honors at two different out-of-town bonspiels.

Peter Sereda skipped his four-some to victory by defeating Jack Zukowsky's rink in the final of the annual bonspiel held in Willingdon, and captured the Willingdon Curling Club Trophy along with the first prizes. Playing in front of Sereda were Harry Olsen, Tom Woolley and D. H. Worobets. This is the third time that the Sereda rink has brought the Willingdon Trophy to Andrew.

In the Teachers' Bonspiel held at Lamont, Nick Stratchuk skipped his Andrew entry to the Grand Challenge honors, defeating the Mundare teachers rink skipped by Mrs. Wilinski. Others on Stratchuk's rink were Mrs. M. W. Newwank, Alex Hushlak and Nick Buglak.

4-H Grain Club Visits Olds School Of Agriculture

Members of the Morrin 4-H Grain Club, together with some of their parents, shared a pleasant visit at the Olds School of Agriculture on Tuesday, Jan. 11. The group was accompanied by the club leader, Mr. A. A. Holliday and Mrs. Holliday. The object of the visit was to meet members of the staff and students under normal school conditions.

The morning allowed time to examine some of the dormitory accommodations. The visiting party was invited to share dinner with the students at the normal dinner hour in the students' dining room. This was particularly enjoyed by all.

In the afternoon under the direction of a staff member, Miss McRae, the visitors had an opportunity to look in on different classes and to examine the facilities which are available at the school.

OFFICIAL OPENING OF NEW \$200,000 PARK HOTEL DELAYED ONE MONTH

HIGH PRAIRIE.—The new Park Hotel, recently completed at a cost of over \$200,000, was opened on Monday, January 21. One of the finest in Northern Alberta, this new hotel is now ready to serve the public. A ceremony to be held with a month's time will officially mark the commencement of this new venture. This preliminary event marked the hotel's start of service to the public as a complete unit.

For some time room service has been operating along with other businesses that are located in the hotel. Mr. Wong Chong, proprietor of the Park Hotel Cafe, which has now been open to the public for nearly two weeks. Mike's Barber Shop has been open for a similar length of time. A sample room, located next to the hotel's main entrance, has been used frequently during the past two weeks by visiting salesmen, to display their goods to local merchants.

Although the official ceremony has been delayed one month, over 200 persons were on hand to witness this initial event. Also attending were two members of the Board of Directors. They were Bert Kuefler of the Cecil Hotel, and Eugene Peckel of the Yale Hotel, both of Edmonton, Alberta. A guest who accompanied Mr. Kuefler and Mr. Peckel was Ronald Kuefler of Breton.

Former assistant manager of the Yale Hotel, Edmonton, H. C. MacDonald has been appointed manager of the new hotel. "Harry" has had many years' experience in hotel management. Also adding to this managerial experience was his employment by the Imperial Bank in both Montreal and Edson.

Barber Opens Shop In New Hotel

HIGH PRAIRIE.—Mike's Barber Shop in the Park Hotel is owned and operated by Mike Kostuk. Formerly of Smoky Lake, Mr. Kostuk received his training in the Tower Barber Shop in Edmonton. Making the move to High Prairie was a big step for Mike, but for Mrs. Kostuk it was just like coming home. The former Helen Matula of Enilda, Helen and Mike were married three months ago.

The young couple's faith in High Prairie was well justified, as business has started off very good. The barber shop is at present equipped with a chromium trimmed adjustable barber's chair, pale yellow shampoo basin and light green supplies cabinet. On order are a hair drier, shampoo chair and display case for electric razors and hair dressing supplies.

If business continues to grow as it has since the opening of his new shop, Mr. Kostuk is contemplating adding another chair to his shop to accommodate the customers of High Prairie and district.

Hon. N. A. Willmore Officially Opens Cadron - Highway Power Line

ANDREW.—The Cadron-Highway Electrification Power Line, a co-operative project organized and established by the farmers of the two districts north of here, was officially opened by Hon. N. A. Willmore, Minister of Industries and Labour, at a banquet held in the Silver Glow Hall here.

Getting the purple ribbon with the gold-plated scissors, the Minister proclaimed the power line opened, and he congratulated the farmers for their success in the undertaken co-operative project. Steve Hawrelak of the Canadian Utilities Ltd. congratulated the association on its success in the enterprise, and informed the large gathering that his company strives to render services to the

Grant Knapp Victim Of Attack

HIGH PRAIRIE.—Grant Knapp, an employee of Chisholm Mills was found Monday night, Jan. 17, wandering in a dazed condition, apparently having been the victim of an attack.

He stated when questioned that his money, return ticket, and unemployment insurance book were missing.

He was taken to the hospital for treatment but was not detained. The RCMP are co-operating with Constable Brown in the investigation.

New Bridge On CNR Line

A new 1,500 foot steel bridge has been completed at Ardley, 90 miles south of Edmonton.

CNR officials say the main line train service between Edmonton and Calgary over the new bridge was resumed this week.

The bridge, built at an estimated cost of \$1,500,000, replaces a 40-year-old steel structure which was destroyed in April, 1952, when ice jams cut off the steel towers above the concrete pedestals supporting the bridge.

After that time railway service was diverted through Drumheller and Mirror.

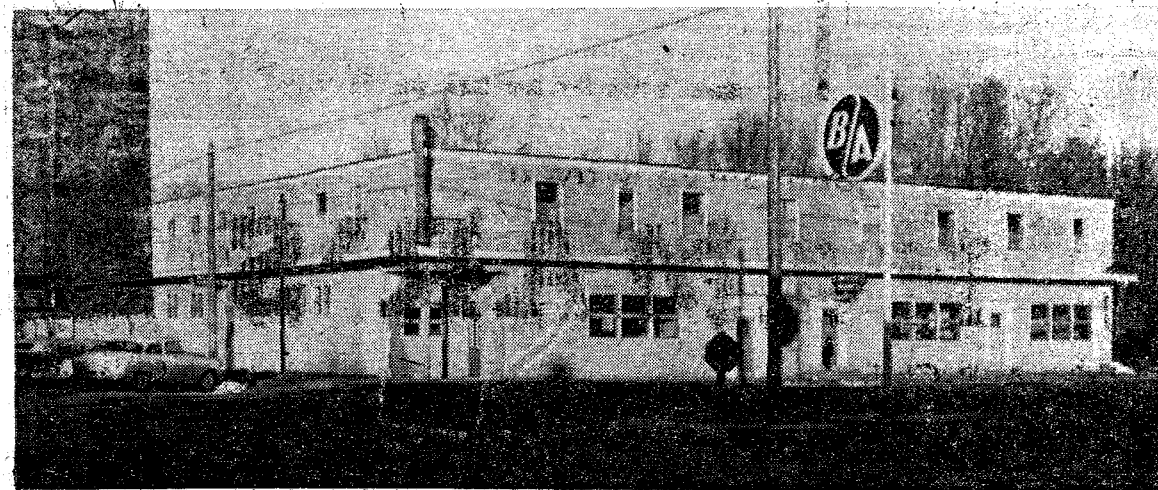

Liberals Nominate In Viking Feb. 16

WAINWRIGHT (BUP) — The executive of the Liberal party in the federal riding of Battle River-Camrose has called a nominating convention in Viking for Feb. 16.

The seat was left vacant by the death of Social Credit member of parliament, Robert Fair.

The Social Credit party has called a nominating convention for February 2, and the CCF will name a candidate February 5.

No date has yet been set for a by-election, and information from Ottawa indicates that it may be some time before one is called. The government does not usually call by-elections until more than one or two seats are vacant.

NORTHLANDS newest hotel, the Park Hotel in High Prairie, now officially opened.

Funeral Rites George Seymour

ATHABASCA—Funeral services for George Seymour (Sim) Lewis, 58, was passed away on Sunday, Jan. 23 in the Colonel Mewburn hospital after a lingering illness, were held in the United Church on Wednesday, Jan. 26. The Athabasca Branch BPOE conducted their service and the Canadian Legion held a graveside service. Services were conducted by Archdeacon Humphries and interment was in the Soldiers Plot of the Athabasca cemetery.

Mr. Lewis came to Athabasca in 1912 where he was employed in the Hudson's Bay Company store. He served overseas in World War I. In 1924 he was appointed Alberta Government telephone agent at Athabasca, a position he held until his death.

Besides his loving wife, he leaves to mourn his loss two sons, Gordon of Westlock and Kenneth of Athabasca; four daughters, Mrs. Geo. Forshner (Shirley) and Mrs. Wilf Forsher (Audrey) both at the coast Mrs. Blanchard (Velma) at home, and Mrs. Adams (Helen) of Edmonton; his mother, Mrs. K. Lewis of Athabasca. Also surviving are two brothers and six sisters. A son, Buster, was killed in action overseas in World War II.

There were many beautiful floral tributes and also contributions to various memorial funds.

Boyle

Visitors to Boyle recently were: Patsy and Annie McNamara at home, Joseph and Ernie Mandrusiak with friends here, Albert Zibinski at home, Mr. Mykityshyn and Peter at home, Jack Swityk at home and with friends, Helen Halowenko at her home in Frains and with the Devernychuk family here.

The bingo, whist and dance sponsored by the Students' Union had a small turn out.

Mr. and Mrs. Alex Mikulin are proud parents of a son.

Boyle Golden Eagles are really out for wins this season. They won over Lac la Biche on Sunday on Boyle ice by a 6-1 score, and won over Athabasca on Tuesday night on Athabasca ice by a 2-0 score.

It seems that playing hockey is just out of the question for Eugene Lazaruk. He always manages to get hurt. So after receiving a cut on the right arm that required nine stitches at Sunday's game, he has sold his outfit and says he no

longer wishes to turn pro.

Mrs. McKay has been employed at the Veteran Meat Market while Ed Samirski, proprietor, was in the Athabasca Hospital.

Fred Pickford was ill also for a few days.

Charlie Mellott motored to Edmonton on a business trip.

Caslan

George Waselenchuk was a recent visitor to Edmonton.

Bill Wolansky spent the weekend with his family here.

The community enjoyed a picture show in technicolor at the Caslan School last Monday evening.

Mrs. A. Slamko spent a few days in Edmonton recently.

Mrs. A. Mateshuk motored to Edmonton with Kowalchuks and brought her two grandchildren, Skyler and Keltie Hughes, back for a visit.

Kikino

J. N. Donald is home after spending two months in the Lac la Biche Hospital.

The first 1955 baby, a boy, was born to Mr. and Mrs. Elmer Erasmus on Jan. 17 in the St. Catherine's Hospital at Lac la Biche.

Mr. and Mrs. Marshall Tremblay's infant child passed away on Jan. 11.

Mr. and Mrs. L. Thompson's baby was a patient in the Lac la Biche Hospital for almost a week.

New Design 10c Postage Stamp To Be Issued

The Honourable Alcide Cote, Postmaster General, today announced the details of a new design 10c postage stamp that will be first sold to the public on the 21st of February.

The new postage stamp illustrates an Eskimo in his kayak to represent the life of Canada's most northern citizens; possibly they are also Canada's oldest citizens though they have been among the least known. This stamp is issued as a tribute to the remarkable people of our last frontier.

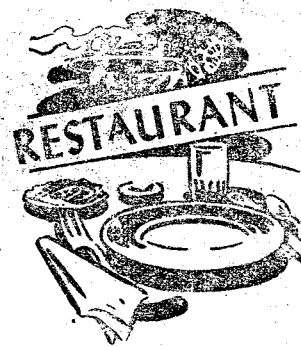

The new 10c postage stamp will be brown in color approximately the same color as the 10c stamp

now in current use that illustrates Canada's "Four Resources" and which will be replaced by the new stamp to be issued.

The new stamp was designed by Harold Beament, Montreal, and is being engraved and printed by the Canadian Bank Note Company, Ottawa.

Use Right Words

There is a great difference between the right word and the word that is almost right. For instance, you can call a woman a kitten, but not a cat; a mouse, but not a rat; a chicken, but not a hen; a duck, but not a goose; a vision, but not a sight.

Forest Protection

and Conservation

in Alberta

only for the 400 million board feet of lumber cut each year and the fish and game they shelter, but also for their control of the water supply of the western part of Canada.

The protection and conservation of these resources are the responsibilities of the Forestry Branch of the Department of Lands and Forests.

For administration purposes, Alberta's forest area is divided into ten divisions or reserves. These are under the supervision of forest superintendents and their assistants who employ rangers, lookout men and casual laborers. Timber inspectors are stationed at Edmonton, Athabasca, Entwistle and Bowden.

Officers of the Forest Service are responsible for conservation, the prevention and suppression of fires and the proper harvesting and utilization of timber. In addition to their field duties, the men interpret acts and regulations administered by the Forestry Division for the public and work closely with the R.C.M.P. Further duties include assistance to tourists, hunters, fishermen and settlers, especially in connection with protection of forests from fires.

Fire is still the greatest enemy of our forested land and six out of seven fires are started by careless people. Despite the best efforts of the Forest Service and intensive publicity campaigns, over a million dollars worth of timber is lost each year.

The Forest Service radio system, essential in communication throughout the reserves, has been geared to the requirements of civil defence in Alberta.

Forests in the Crowsnest, Bow River and Clearwater Reserves are administered by the Eastern Rockies Forest Conservation Board. Since this area contains the headwaters of rivers helping to supply Alberta, Saskatchewan and Manitoba, the work of the board is financed jointly by the Governments of Canada and Alberta.

Alberta's forest inventory, being made from aerial photographs and ground surveys, provides an accurate measure of our resources. An effective forest management program is thus being carried on which, by selective cutting, assures a perpetual supply of timber for future generations.

The Fish and Game Branch plays an important part in the work of the Department of Lands and Forests. Conservation is the keynote here also. A trout hatchery is maintained in Calgary and trout rearing stations are located at two centres. Annual plantings of various species of fish are made in carefully selected waters and many smaller lakes owe their fishing attractions to this work.

Commercial fishing in Alberta yields over ten million pounds annually, and an inspection service ensures a high quality product when packed for the domestic and export markets.

The Game Branch maintains a pheasant farm at Brooks, where six to seven thousand birds are hatched for release in various parts of the province.

Other duties, no less important, include transporting live beaver to the northern parts of Alberta, making surveys of migratory birds, inland birds and big game, and co-operation in the work of rabies control in our northern forests.

LES JOYEUX TROUBADOURS existent depuis toujours et jamais on ne se lasse d'entendre les chansons d'Estelle Caron et de Gerard Paradis et les blagues de toute l'équipe. Cette émission divertit les auditeurs du réseau Français de Radio-Canada tous les jours de la semaine, les samedis et d'manches exceptés, de 11 h. 30 à midi. Notre photo, prise au cours d'une répétition, réunit toute l'équipe. Ce sont de gauche à droite: Raymond Forget, contrebassiste; Margot Prud'homme, pianiste; Franco's Brunet, réalisateur; Saturni Gentiletti, accordéoniste; Gerard Paradis, chanteur; Lionel Renaud, directeur musical; Estelle Caron, diseuse; et Jean-Maurice Bailly, annonceur attitré des JOYEUX TROUBADOURS.

Seems Everybody's Happy At 'Fort'

EDMONTON (BUP) — Deputy Attorney-General H. J. Wilson says about a dozen men were involved in the disturbance at the Fort Saskatchewan provincial jail Jan. 19.

He says there is no evidence to show why they started the rumpus at the noon meal and the RCMP are trying to determine the ring leaders.

The outbreak included the setting of a fire in the prison store room and damage amounted to more than \$5000. Wilson said it might reach \$6000 or \$7000.

No one was injured but one guard was pushed against a table. Guards controlled the outbreak before police reinforcements from Edmonton arrived.

The deputy attorney general said there is no connection between the disturbance and the dismissal of three guards the day before. He said the dismissals came after an investigation into a shortage of funds, which resulted in charges being laid against a jail official.

Wilson said the guards were not shown to be involved in the shortage of funds but the investigation revealed other things about their conduct which led to discharge.

The pennies, nickels and dimes raised by the Canadian Junior Red Cross for Crippled Children's work amounted to \$150,679.63 last year.

Would Assist Young Farmer

OTTAWA (BUP) — John Decore, the Liberal member for Vegreville, suggested in the commons that the government set up a plan similar to the national housing scheme to enable young men and women to start farms of their own.

"I am not suggesting any hand-outs," the Alberta member said.

A lack of capital prevented most young farm men and women from getting into agriculture on their own, Decore said. Because of the high cost of machinery and land, he added, a minimum of \$15,000 was needed to begin farming.

Woman Held in Death Of 2 Babies

EDMONTON (BUP) — An Edmonton woman appeared in police court last Friday on charges of infanticide and manslaughter following the discovery of the bodies of two babies.

The bodies were found in the basement of a house where the woman, Anne Drobot, alias Devon, was staying.

Police said the bodies were in a cardboard box, one of them wrapped in a flannel blanket, when they were discovered by the landlady, who was investigating an odor in

the basement. One body was badly decomposed and the other mummified.

The woman is said to have made a statement to police. She was remanded to January 27 without plea when she appeared.

Her eight-month-old child had been placed in a home and her common-law husband, Ernest Devon, has been charged with vagrancy pending investigation.

80,000 Coyotes Killed in Three Years

EDMONTON (BUP) — Alberta's veterinary services director says since August about 57 animals have been found infected with rabies.

Dr. E. E. Ballentyne, who is also chairman of the Alberta Rabies Control Committee, says about half of the animals were from the Athabasca district. They were examined at the federal veterinary laboratory in Lethbridge.

The director said 15 of the infected animals were coyotes who had caused four cases of rabies in dogs and 10 in other domestic animals.

Officials say about 80,000 coyotes have been killed since the anti-rabies campaign started in Alberta three years ago.

Says Jubilee Fund Adequate

CALGARY (BUP) — The provincial secretary and treasurer of Alberta's Golden Jubilee Committee says more than \$100,000 can probably be placed in the municipalities' jubilee fund.

But C. E. Gerhart said in Calgary that with many districts planning joint projects the amount should be enough to cover various celebration plans.

Gerhart said he doubts whether all the money will be used, as some centres are planning to place the grant they receive in a building fund for civic centres.

The minister has urged municipalities to present their plans as soon as possible because expenditures will have to be included in the government estimates to be considered February 17, the day the legislative session opens.

Liberals to Stage "Spark" Meeting

CALGARY (BUP) — The Alberta Liberal Association has decided to stage meetings in most constituencies to spark political action among rank and file members of the party.

The decision was made at a week-end meeting in Calgary to hold a meeting in every central constituency within the next four months to assess the strength of local organizations and awaken interest.

The meeting also considered the situation in the Battle River - Camrose federal riding, where a by-election is expected. A meeting will be held in Wainwright Wednesday to set the date of a nominating convention.

The chairman of the Calgary meeting was the president of the Alberta Liberal Association, W. J. Edgar.

Japanese Socialists urge close ties with Red China.

THIS illustration shows the main construction projects required for the new \$18,000,000 natural gas fueled steam power plant of Calgary Power Ltd. at Lake Wabamun.

ALBERTA'S POWER WILL BE DOUBLED BY DISTRICT GAS FUELED PLANT

An \$18,000,000 natural-gas fueled steam power plant, at present under construction at Lake Wabamun in the Municipal District of Stony Plain will, when completed, combine with line other power plants to more than double the present power capacity of Alberta.

Strategically situated from the standpoint of fuel, the Wabamun plant has the Drayton Valley oil field to the west, the Barrhead field to the north and in the east is the Woodbend field; also, almost beneath the plant is a great supply of coal. To assure the plant of a continuous supply of fuel, the units are being constructed so that, if necessary, the boiler can be converted to coal on a short notice.

The other projects under construction are situated in the Bow River, Edmonton, Jasper and Peace River districts.

NHA Terms Bring Down House Prices

EDMONTON (BUP) — Federal housing legislation passed in 1954 is said to have had a deflating effect on the peak resale values of houses — even those built since World War Two.

The Alberta government said in a business review that indications are that residential building is catching up at least temporarily with the press of population.

The report said residential real estate prices generally have been much weaker in tone, and buyers have been more anxious to shop around rather than take any offering at any price.

END TABLE ANSWERS MANY NEEDS

"Versatile" is the word for this easy-to-build end table. Its size makes it ideal for use at the side of a sofa or arm chair, as an occasional piece in the living room or hall, or as a night table. It is 15" wide, 27" long and 24" high. End tables make welcome gifts. Plan to make two or more when you but the material specified in the pattern.

By following the step-by-step method of construction outlined in the full-size pattern offered below, anyone with simple hand tools and stock-size materials should find little difficulty making and finishing this well-designed piece of furniture.

Many people who have made these write us that they are using the new plastic-surfaced plywood for the top. This now comes in a wonderful selection of colors and wood grains and is completely impervious to stains or cigarette burns. Bonded under enormous pressure to plywood, it requires no painting or other finishing. It saws like wood.

Send 40c for Modern End Table Pattern No. 99. — A new 40-page Pattern Book illustrating over 250

other Build-It-Yourself projects is now available at 55c.

Send requests to Box 4430, South Edmonton.

More than 42,000 Canadians were treated at Red Cross Outpost Hospitals and Nursing Stations last year.

ALBERTANS TO SEE "ALL CANADA" FILMS SERIES STARTING SOON

Albertans as well as other Canadians will be able to view a complete series of one-hour film programs on all the Canadian provinces and the north through a new plan sponsored by the Alberta Department of Economic Affairs, the Alberta Travel Bureau, and the National Film Board.

The series is a set of 11 one-hour film shows, each featuring a particular province. The series has been made up as a "Film Tour of Canada" so that viewers may see the whole of Canada during 11 weekly shows.

Contents of the Alberta program

Starts Program "Grassroots" Work Shop

EDMONTON, Jan. 31—The Farmers' Union of Alberta will start its proposed province-wide series of "Grassroots Workshops" February 14, it was announced this week from Union headquarters here.

Eleven of the 14 districts into which Alberta has been divided by the farm body have agreed so far to participate. The B.C. Block district held its Workshops in mid-January.

A Canadian record has already been achieved by the "Roundup" membership drive last fall, it was learned. The previous membership record was made by the Saskatchewan Farmers' Union in the fall of 1953 when nearly 48% of the farm heads of the province were signed up.

According to a statement released by W. D. Summers, FUA campaign director, the present number of farm heads of families enrolled in Alberta has topped the 49% mark.

"I am confident the Workshops now being planned will realize finally the lifelong ambition of thousands of veteran farm unionists," Mr. Summers asserted. "That was to build an association that could speak for the clear majority of the men and women on the farms of Alberta. Today we're on the eve of achieving the goal that has eluded us since the beginning of farm organization in Canada. In football parlance, the FUA team could be described as being on their opponents' one yard line, first down and with two downs to go for a victory touchdown!"

OLD FASHIONED REVIVAL HOUR ENTERS 30th YEAR OF BROADCAST

Dr. Charles E. Fuller, pioneer radio pulpiter, last month began his 30th year of continuous broadcasting.

The "Old Fashioned Revival Hour," which Fuller directs, is the oldest network religious program on the air today. From a modest beginning over a single California station, this program is now heard on hundreds of stations around the world each week. The audience is estimated at ten million persons.

One of the first to enter the field of religious radio, Dr. Fuller realized in 1925, while the minister of a small church in Southern California, that there were millions who never attend church. Through the medium of radio he saw the tremendous possibilities of reaching these same people with a religious service where they are—at home, in their automobile, in hospitals, in prisons, in light-houses, in airplanes, on ships at sea, and during battle.

In 1949 the "Old Fashioned Revival Hour" began broadcasting over the ABC Network, in addition to the hundreds of other stations already carrying the program by transcription. The growth of coverage has been phenomenal, until now there is scarcely an area in America—and in many foreign countries—where this Sunday hour cannot be heard.

The many letters received each week from his listeners have been proof to mild-mannered Fuller and his associates that the program is meeting a great spiritual need in the world. From a homesick serviceman, a would-be suicide, a

DR. CHARLES E. FULLER

hospital ward with its suffering, a murderer awaiting execution, a lonely ranch in Colorado, to a successful Wall Street broker, from a cross-section of humanity, and all races and faiths, have come thrilling miracle stories of changed lives as a result of the "Hour." Choice letters are read on the air by Dr. Fuller's wife, whose voice is so familiar to thousands.

The broadcast originates each Sunday afternoon from the 5,000 seat Long Beach Municipal Auditorium, where there is represented in the audience each week visitors from most every state across the nation.

Soviet tests of atomic weapons have "continued at intervals to the present," according to the Atomic Energy Commission.

Poet's Corner

A HEAVENLY MAIDEN

By W. KRAWCIW, Redwater

Why is your beauty so profound
That my heart has crowned you a queen?
A queen among the flowers, a fragrant blossom.
My heart endeavors to choose you queen of all fair maidens.

To me you appear as a dream—I unconsciously dream.
Your ruddy lips sing out so sweet and low,
Your azure eyes, they radiantly shine
As stars from heaven in design.
Your treasured hair of gold,
If a lock of it I could behold,
By my heart I'd keep it till my end.

My heart so faster beats—
As a child's who his father meets
After mischievous deeds—when you look at me.
All the world underneath me trembles,
When your speech my heart resembles,
To be a gay and lovely melody.

Is this love? heavenly, heavenly love?
Which upon me came so strange and raw?
Then it I'll cherish, live and cherish;
But you, from me away may perish.
And I in solitude would remain,
In loneliness I would detain.

Ah dawn, do not break,
For you'll awake me from my dream.
Oh maiden, lovely, fairest maiden,
Turn to me and let the others stray awhile.
You'll make me king of lover's isle,
And you'll be the queen of all the blooming maidens.

Same Curve Wrecks Twice

FORT ERIE, Ont.—On October 11, Herman Eldridge, 51, of Buffalo, N.Y., wrecked his car when it went off the road at a curve near here. Eldridge was fined for careless driving. Several days later, he drove to Welland in a new car to collect bail money he had put up when arrested. He approached the same curve and—damage was estimated at \$500.

Bees Kill Man

COSTA MESA, Cal.—James J. Fagan was stung nearly 100 times by a swarm of bees. His wife ran to neighbors for help. They responded with lighted torches and smoked off the bees. Fagan, however, was dead 20 minutes later.

The Case For German Re-armament

By Ottawa Correspondent

Many Canadians, "including myself," view with some misgivings the admission of the Federal Republic of Germany to NATO. It is proposed that Germany be permitted to have a maximum number of 500,000 men under arms, and an Air Force of 1,350 fighter planes. These forces will be under the Supreme Allied Commander in Europe, the same as our own. Although the conduct of Germany has been such during the last 100 years that we are somewhat hesitant to trust her, we remember that the British and French fought each other for centuries and then became allies. I am willing to believe that the great majority of Germans at home are the same kind of people who immigrated to this country, and they have turned out to be some of our best settlers and loyal citizens. I believe that Chancellor Adenauer is an honourable man and earnestly desires peace. His past record justified that opinion. The present pact shows our willingness to accept his country as an honest ally. It is doubtful if a proud and progressive people can be kept in subjection for long and I am sure that we have no intention of trying to do that. We feel sure that the best way to assure peace is to keep ourselves in a position that no other nation dares to attack us. Russia has already armed East Germany. If we are going to have West Germany on our side, and I believe we will, it is only common sense to let her do the same. As I said in the beginning, we have some misgiving about rearming West Germany. We have even more if we don't.

Need Fluoridation For Dental Health

EDMONTON (BUP) — Edmonton's medical officer says fluoridation of the city's water supply would probably reduce the problem of dental caries to treatable bounds.

Doctor D. M. Little says a dental survey of 1528 city children

found more than half with defects of temporary or permanent teeth. The city health department is awaiting the provincial research council's report on fluoridation—a process believed to encourage the development of healthy teeth.

Charge Poultry Manager With Manslaughter

CALMAR, Alta. (BUP) — The Calmar poultry plant manager charged with manslaughter in the death of an Edmonton man Jan. 4 is free on bail until Feb. 10.

Willis Bonin, the manager of the Calmar plant of Alberta Poultry Producers' Limited, was released on bail when he appeared in magistrate's court at Leduc Jan. 19.

He was charged after Phillip Mah, of Edmonton, was shot while driving a car away from the poultry plant. Bonin had gone to the plant to investigate a reported break-in attempt.

Two men who were with him, his brother George, and Eugene Grills, face a charge of attempted breaking and entering in connection with the case.

Death Termed 'Accidental'

EDMONTON (BUP) — A coroner's jury has returned a verdict of "accidental death" in connection with the traffic death of a 79-year-old Edmonton man.

William Walford, 79, of 10217 106 St., was killed Jan. 9 when he was struck by a car while crossing Jasper Ave.

The jury ruled that the death was the result of—what they termed—"an unfortunate accident" which occurred when Walford tried to cross the street against a red light.

Inquest Into Deaths Of Three In Crash On North Saskatchewan

EDMONTON (BUP) — The RC-Af in Edmonton say an investigation is underway into a plane crash that took the lives of three airmen.

The crash occurred last Saturday when the plane, a Mitchell Bomber of the 418 City of Edmonton Auxiliary Air Force Squadron, struck a ferry cable age over a wide area.

The victims of the crash were Flying Officer Douglas Merrill Ward of Edmonton, pilot of the plane and an auxiliary officer; Flying Officer Richard Grant Officer,

engineer aboard the plane, a member of the regular Air Force who lived at Namao; and Flying Officer John Kutyn, of Edmonton, navigator and an auxiliary officer.

The Air Force said the plane was on a routine flight when it hit the Holborn Ferry cable, 15 miles south of Stony Plain, across the frozen North Saskatchewan river, 28 miles southwest of Edmonton.

The plane burst into flames, hit the ice and skidded along before exploding and scattering wreck-

Slight Increase In Production

EDMONTON (BUP) — Figures released by the Alberta dairy branch show butter production during 1954 was up one per cent over that of the previous year.

During 1954 Alberta dairymen produced 30-million pounds of creamery butter. Other products included 2,358,000 pounds of cheddar cheese; 2,484,000 gallons of ice cream; and more than 22,000,000 quarts of fluid milk.
